

## How to Backup Review Footage Using the CMS Software

1. On the top left of the screen click 'Control Panel'

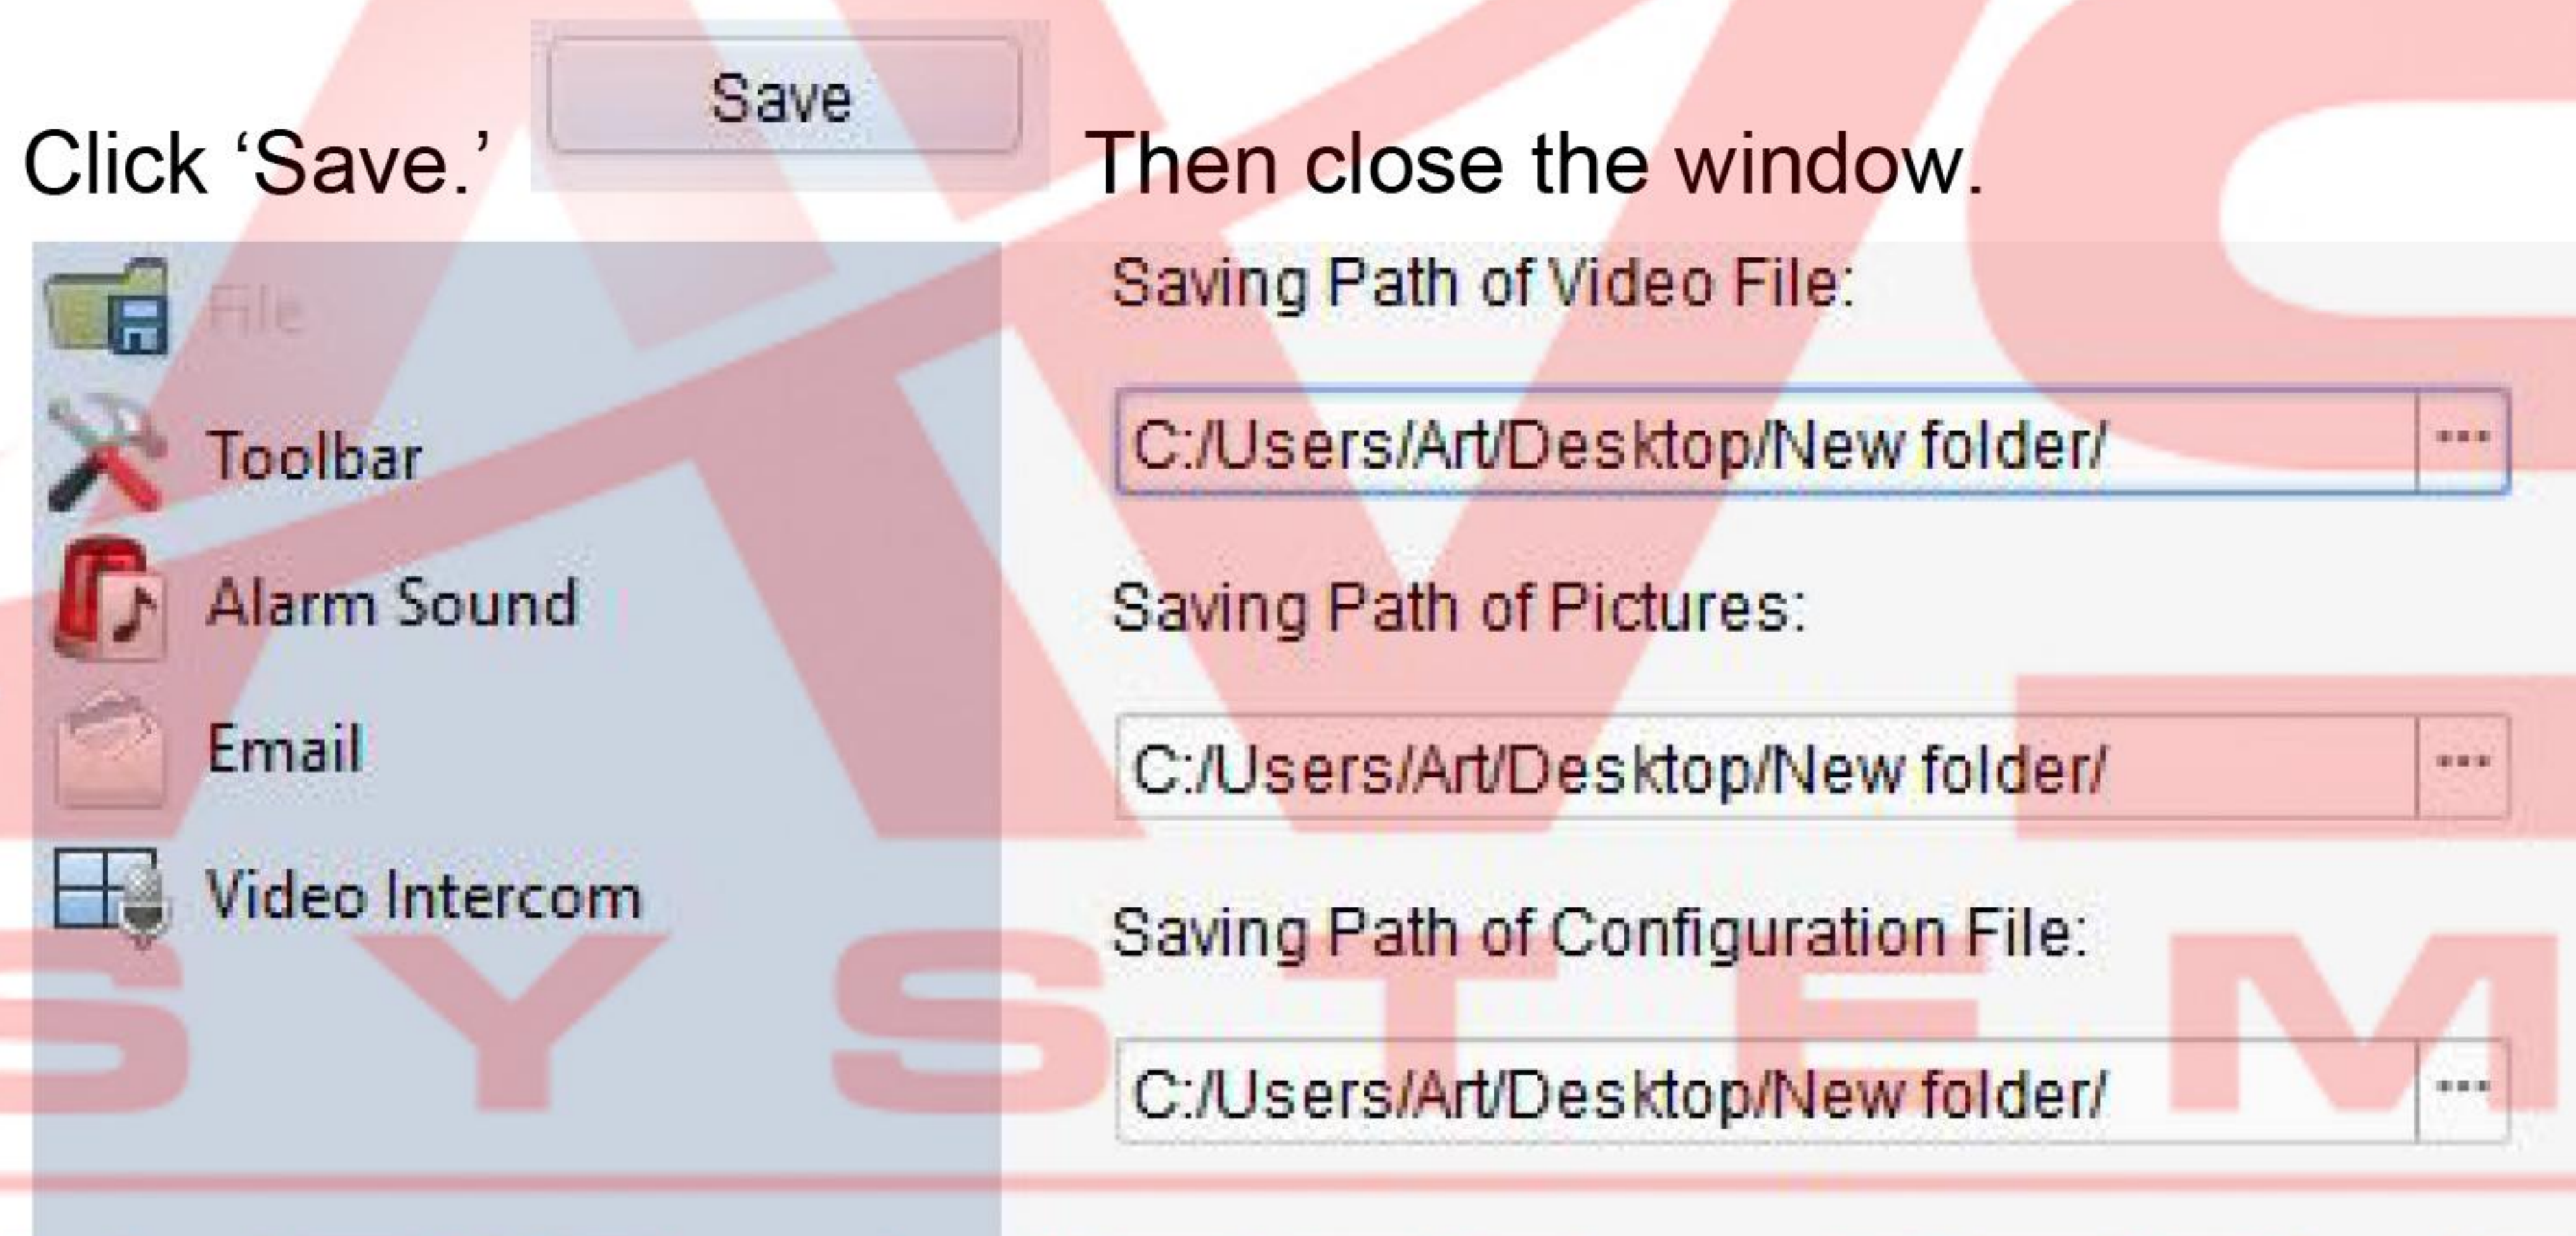

2. Click 'System Configuration'

3. Select File

Verify that 'Saving Path of Video File' is set to a destination you can access.

Click 'Save.'

Then close the window.

4. To backup a clip that we want to view, we are going to 'Right click' the camera and scroll

down to the 'Download button.  Download

5. Select 'Download by Date' at the top.

6. Adjust to time and date according to the clip you desire. Same with 'End time.'

7. Once completed, you can view the video in the save destination.
